

2nd Workshop on Field Studies at the Villum Research Station (VRS)

As a follow-up on the successful meeting in 2016 it is our pleasure to announce the 2nd workshop on Field Studies at the Villum Research Station (VRS), which will be held in Denmark from the 30th-31st of January 2018. The workshop will mainly focus on results from campaigns in 2016 – 2017, knowledge sharing and development of new ideas and projects in relation to VRS. Research topics will include all fields related to natural science.

The workshop will start at Tuesday the 30th January at Department of Environmental Science at Risø 30 km from Copenhagen. Invited speakers are Mikko Sipilä, Jørgen Bendtsen, Signe Norman and Hanne Hvidtfeldt Christiansen. Participants are encouraged to prepare a poster and a brief 5 min oral presentation of their work to initiate informal discussions and work groups aiming at data analysis or future collaboration.

The program is listed below. Please forward this mail to colleagues and students interested in participating the workshop.

Registration by the webshop: https://auws.au.dk/VRS_workshop2018

The price for participation are 500,- dkr which includes, lunches, coffee breaks etc. The dinner is donated by “Integra”.

Deadline for registration via the webshop January 25.

Second VRS – Workshop at Department of Environmental Science – AU Roskilde

Program:
